Lang Wins Award

Harold Lang, who was reared in Daly City and attended Jefferson High School, has made his way to fame and fortune on the Broadway stage. For his performance in "Look Ma, I'm Dancin'", he was recently given the Donaldson award for "best dancer on Broadway during 1947-48."

Soren Gets Sorer And Sorer At Traffic Tag

Enclosed with a check for \$2.50 mailed to the traffic court in payment of a traffic violation, Soren J. Jespersen, of Salt Lake City, Utah, submitted a letter stating that he didn't think it was very friendly on the part of local police officers to tag out of state cars.

Tournament Week August 9-13 In Recreation Dept.

Tournament week in the recreation department's summer program will close next Friday with final competition in all tournament sports on the high school grounds.

Starting at 9:30 a.m., contests will be held in tennis, table tennis, paddle tennis, basketball free-throws, basketball "21," handball, chess and checkers, jacks, jump rope, hopscotch and O'Leary.

Free movies in the high school auditorium Monday will include an episode of the feature serial "The Adventures of the Flying Cadets," a cartoon, "Shortest Way Home," a travelogue of America, a short on table tennis, and a community sing film.

Boxing classes are now under way under the direction of Ed Cassilago each Tuesday and Thursday from 2-3 p.m. in the high school gym. A boxing tournament will be held at the end of the summer.

Adults are welcome to participate in tennis, classes on Fridays from 1:30 to 3:30 p.m. at the high school.

Tag With Cars Lands Housewives in Local Brig

A game of "tag" running at a fast clip down Mission street landed two women drivers in jail last Friday on charges of drunk driving.

Mrs. Helen Isabel Ewell, 38, Colma housewife, and Mrs. Carol Callan, 20, of San Francisco, were released to their husbands' custody on \$150 bail each, after cooling off in jail.

According to police, the women were arrested when they were found speeding through the business district on Mission street at approximately 55 miles per hour, blowing their horns, zig-zagging across the double line, and tagging each other's bumpers.

PENINSULA CITIES TO DISCUSS SALES TAX

A proposed city sales tax to be adopted by all cities on the peninsula will be the subject tonight at a meeting of peninsula city officials to be held in Menlo Park.

The city executives will discuss the matter at a dinner at "Marie-Antoinette's." The idea was proposed by Richard Graves, executive director of the League of California Cities, in a meeting at Alviso last month.

Graves has stated that if peninsula cities intend to impose a sales tax, such as that already in effect in San Francisco and other California cities, they should do so in unison so there would be uniformity in treatment by merchants of neighboring cities.

The proposed tax would be a levy of one-half of one per cent on all purchases except food, and with the state sales tax of two and one-half per cent, would make the total tax three per cent on such purchases.

Most municipal officials are of the opinion that a local sales tax would reduce property taxes, while others point out such additional revenue is desperately needed by sixth class cities to meet rising costs of city services and administration.

The city of Vallejo adopted a local sales tax last week and anticipates it will raise an estimated \$170,000 per year to finance civic improvements.

Repeal Of County Charter Advocated By Coast Editor

Claiming that the only way to "end confusion is to remove the source of it," George E. Dunn, Half Moon Bay and Sharp Park publisher advocated outright repeal of the San Mateo County Charter in an editorial last week.

Dunn was a member of the charter study committee who disagreed with the majority report.

The committee had recommended that the offices of county executive, sheriff, controller and engineer be made appointive instead of elective.

Dunn said he was convinced that the sheriff, controller and engineer should remain elected positions, and said a county manager appointed by, and responsible to, the board of supervisors, would be feasible.

He recommended that if any charter proposition is put on the ballot, an added proposition should be added:

"Do you favor elimination of the county charter and a return to the operation of San Mateo County under the general laws of the State of California?"

Dunn said "Many California counties find operation under the general law successful, economical and free of needless conflict and confusion. Perhaps San Mateo county would have the same experience."

"The history of San Mateo's charter has not been a happy one. Taxes have climbed disproportionately high under the charter government and many positions unnecessary to the simple and fundamental functions of the county government have been added to the county payroll."

"Let's give the people the choice."

Fete And Carnival Attractions Go On Double Display

With three splendid prizes as added attractions, it looked this week as though the gigantic Festival and Carnival at Our Lady of Perpetual Help Church on October 1, 2 and 3 will break all records for the seven year old event.

A \$450 Radio-Phonograph Combination plus a complete Bendix Home Laundry will be two of the drawing cards, and are on display at Anderson's Appliance Co., 7046 Mission street.

A new De Soto 4-door Sedan, the main attraction, can be seen by the public at the James E. Donahue shops near the post office on Mission street. Next week it is planned to display the automobile in the Donahue showrooms at 6232 Mission street.

Lions Hear Official On Bank Procedures

Earl Fowler, representative of the Bank of America, informed attentive members of the Daly City-Colma Lions Club yesterday of will, trust and tax procedures of the bank.

Fowler spoke at the Lions Club's weekly luncheon meeting in Estrada's Spanish Kitchen. He was introduced by John Ferrari, manager of the Colma bank.

Ferrari also won the day's draw prize, which was drawn by Mr. Fowler amid charges of a conspiracy.

SECOND CHARTER COMMITTEE URGES FURTHER POWERS FOR EXECUTIVE; DISTRICT SUPERVISOR ELECTIONS

In recommendations to the county board of supervisors almost entirely at variance with those of the charter study committee, submitted last week, the Charter Clarification Committee urged further changes to the county charter this week.

The Charter Study Committee, appointed by the supervisors, had recommended that the county executive, sheriff, controller and engineer be made appointive.

The Charter Clarification Committee, appointed by County Manager Frederick Peterson, had other ideas on the same subject, as follows:

DISTRICT ELECTIONS
It was recommended that members of the board of supervisors be elected by the districts (township) in which they reside, instead of at large, to make supervisors more responsive to their home districts.

Except for the purpose of inquiry, the group would have the board of supervisors deal only through the county executive in administrative matters, with delegation of powers to the county executive superseding any powers or duties of the board provided by general laws of the state.

They also recommended that elective county officers be left as they are, serving at the will of the voters.

APPOINTMENTS
The supervisors would appoint a board of education, board of law-library trustees, and a librarian.

The county executive would appoint a building inspector, board of public health and welfare, director of health and welfare, purchasing agent, recreation commission, agricultural commissioner, a planning commission and a sealer of weights and measures.

SALARY RAISES
The clarification committee reported the proposed salary for the county executive, to \$9,000 for district attorney and to \$7,200 for each of the following: controller, county clerk, engineer, recorder, sheriff, assessor, tax collector, treasurer, coroner and public administrator.

On budgetary procedure the supervisors would be able to decrease or reject any item in a budget to be submitted by the county executive, but would be unable to increase the budget without the approval of the executive. The county executive would have to approve any claim paid by the board.

NO COERCION
The recommendation also contained a clause whereby the board of supervisors would be prohibited from attempting to coerce the county executive in the performance of the duties of his office, and would have to deal solely through the county executive to reach any of the administrative services.

The report was signed by Barry J. O'Connor, chairman. Other members of the Charter Clarification Committee were E. F. Williams, Mrs. Elsa McGinn, Mrs. Myrtle Clark Stearns, Mrs. Anne Alexander, William F. Leutenegger, and Roy Womack.

Any of the changes recommended by either of the charter committees will have to be submitted to the voters at the November elections to be made effective.

'Self-Help' Gasoline Stations Not Wanted

With similar ordinances being hastily drawn up in San Francisco and Alameda counties, the outlook for "Self-Help" Gasoline stations in San Mateo county was poor today, with the city of San Carlos ready to enact against the stations while other cities in the county were preparing ordinances for the same purpose. The city council of Daly City has been studying the situation but has not yet passed an ordinance.

The "Self-Help" stations have been opened in southern California and operate on the same basis as self-help, cash grocery markets. Local sentiment is against such a set-up because of the fire hazard involved.

Petition Against Annexation Being Circulated Now

The circulation of a referendum petition designed to force the question of annexation of the Westlake sub-division to a vote of the people started this week, with numerous home owners being solicited for signatures. The action followed adoption of an annexation ordinance by the city council last week, bringing the 432 acre tract west of Junipero Serra boulevard into the city limits.

Adoption of the ordinance was criticized by Councilman M. D. Battye, George Kirchhubel and Hugh Smith sr., who expressed the idea the measure should be voted on by the people.

If the petition is successful, the issue will probably come up at the general elections in November.

ANOTHER ACCIDENT AT 87th ST. CROSSING

Mrs. Dorothy Fairbanks, 27, a matron at the San Francisco jail in San Bruno, suffered a fractured right arm and lacerated forehead Sunday night in an auto accident at 87th street and Junipero Serra boulevard. John Kerrigan, 21, San Francisco deputy sheriff who was driving the car, received abrasions and lacerations in the same crash. Three other S.F. deputies in Kerrigan's car escaped injury.

The collision occurred when the deputies' car, colliding with one driven by Alfred V. Manes, 27, of Broadmoor, who was making a left-hand turn at the intersection.

An epidemic of such accidents at the 87th street, School street, Junipero Serra crossing has prompted the city council to install traffic signals there.

Driver Falls Asleep Damages Parked Cars

Three cars sustained varying degrees of damage last Friday when M. L. Hammer, 6098 Mission street, crashed his car into automobiles owned by Walter Wilson, 461 Hillside boulevard, and Harry J. Davidson, 551 Hillside boulevard.

Hammer told police he had fallen asleep at the wheel, lost control of the car and crashed it into the parked cars.

Ocean View Church Choir Expanding

Preparations for special choral work being made currently by the choir of the Ocean View Community Church at 146 Broad street. Local singers have been invited to attend choir rehearsals every Wednesday night in the church.

The church choir, which sings each Sunday at 11 a.m. services, will present an appealing program of religious music at the congregation's 59th birthday party Friday, September 10. Dinner will be served at 6:45 p.m. Speaker will be Dr. Vernon Hugh White.

On August 27 and 28, women of the parish will sponsor a rummage sale to raise funds for the new organ.

At morning services this Sunday, the Rev. Joseph H. Bennett will speak on "The Kingdom of Jesus." Sunday school is scheduled for 9:45 a.m. A nursery will be provided for the younger children during the worship hour.

Fire Dept. Puts Out Fire In Cave

Companies 1, 2 and 4 of the Daly City Fire Department extinguished flames in an old cave off Bellevue avenue last week when a grass fire in the cave got out of control.

A Coleman, of 814 Bellevue avenue, who summoned the fire department, told police he had been trying to burn grass and stubble out of the cave.

BATTLE RAGES ABOUT PORTOLA EXPEDITION

The battle to decide just exactly from what point the Portola Expedition first sighted San Francisco Bay continued to rage unabated last week. San Bruno citizens claim the bay was sighted from Sweeney's ridge, west of San Bruno, while denizens of San Carlos claim Portola's first glimpse of the Bay took place in that city.

Dr. F. M. Stanger, bay area historian, claims that "all historians from Bancroft on agree that the Portola Expedition sighted the bay from Sweeney's Ridge." The San Carlos Chamber of Commerce have whipped up a slogan, "Portola Slept Here," and claim they will

Fines Near \$2,000 In Muni Court Last Month

Fines levied on violators of the Daly City traffic code during July totaled \$1,574.50, according to figures released today by Judge William J. Sweeney's office.

Fines for criminal offenses, amounting to \$340, brought to \$1,914.50 the total receipts for the month.

Seven To Hospital After Collision On Werner Street

A broadside collision last Saturday at the Vale and Werner street intersection sent seven persons to the hospital with minor injuries and put both cars involved out of commission.

John and Margaret Cash, of 257 Citrus avenue, were released from Junipero Serra Hospital after treatment for head and leg bruises and lacerations. Cash also suffered a lacerated forearm. Nick Nelson, of 140 Werner street, one of four other passengers in Cash's car, suffered contusions of the head, while his wife Clara was confined for 24 hours with shock.

The two Nelson children, Connie, 6, and Arlene, 8, suffered minor head injuries.

John Caparuso of 241 Station avenue, driver and sole occupant of the other car, was treated for a fractured nose and chest and arm bruises.

According to police, the accident occurred when the two cars collided at a right angle in the intersection. Cash's car was traveling south on Werner, and Caparuso's was going west on Vale. Both cars were towed to Lombardi's service station.

Council Discusses Ordinance Changes In Caucus Meet

Meeting in caucus Monday night, members of the city council discussed a number of matters for future action at the city hall. Mayor Gaggero and Councilmen Battye, Bertetta, Green and Mooney were present.

The group listened to George Brenner and Tricie Beeson of the Daly City Band, who put in a plea for uniforms for the musicians, who recently took first place at the Redwood City Parade and who have represented the city at fiestas and fairs throughout the state. Unable to find backing among local fraternal or business groups, the band asked the city to provide uniforms and transportation expenses. The council was to confer with the city attorney on the legality of aid to the band.

A complaint by A. M. Harrison, plumbing contractor, on the routing of sewer installations at Templeton avenue and Alexander street was referred to City Engineer Robert Klassen.

Ordinances discussed and sent to the city attorney for drafting included one to require performance bonds by contractors whose operations entail cutting up streets or sidewalks. The change is due to complaints that some contractors have failed to restore streets and sidewalks satisfactorily.

The group also decided to review the existing building code to bring it in line with modern building practices where necessary.

Changes in the zoning ordinance were ordered, with the city engineer commissioned to prepare up-to-date maps preliminary to drafting of a new ordinance.

Progress on condemnation proceedings for the War Memorial site on Mission between Alp and Vista avenues was discussed and the city attorney was instructed to proceed as rapidly as possible to bring the remaining lots under city control.

BURLINGAME CENTER

First step in the building of three Burlingame recreation centers was seen this week when the Burlingame city council approved tentative plans for a ranch type building in Washington park.

Burlingame voters approved a \$155,000 bond issue in April for three 50 by 75 feet all-purpose recreation buildings throughout the city.

The Portola Trek, following the route of Don Gaspar de Portola and his followers, will pass through Daly City on its way. An attempt is being made by Hugh Smith jr. and others associated with the Mission Trails Association, to have the expedition stop here at a location to be decided upon later.

LOCAL BOYS' GROUPS NEED FINANCIAL AID

FIRE DEPARTMENT GOES ON RECORD TO ANNEX

In a letter to the Daly City Record yesterday the Daly City Fire Department expressed its endorsement of annexation of new lands by the city. The letter, signed by A. L. Sundstrom, department secretary, follows:

"On Monday, August 2, at the regular monthly meeting of the D. C. Fire Department, the question of annexation of lands to the city of Daly City was discussed by the membership.

"It was agreed that annexation of adjoining property to Daly City was in the best interest of the city and the membership went on record unanimously approving such a procedure."

Augmented Costs In Construction Shown By Permits

A total of \$204,742 in construction, representing homes, business establishments and alterations, was begun last month in Daly City, according to figures released this week by Building Inspector Arthur J. Bodien.

Recorded cost of construction indicates a huge jump over the July, 1947 figure, although seven months building permits were issued last year than this. Total construction valuation in July, 1947, was \$126,135.

According to the building inspector, the main reasons for so large a jump are a current trend toward construction of superior buildings, and higher building costs. Another factor in last month's upward swing was a permit issued for a \$70,000 structure adjacent to the Stoneson market in Garden Village.

During July, 1948, 10 permits were issued for construction of dwellings at an estimated cost of \$90,025; seven permits for alterations, at \$11,640, and four permits for commercial buildings, at \$103,077.

Traffic Signals At Junipero Serra And School St. Okehed

Installation of electric traffic signals on Junipero Serra boulevard at School street and 87th street was assured this week when officials of Joint Highway District No. 10 approved the project. The Daly City council had requested that the signals be put in operation as a traffic safety measure for residents of Garden Village, Broadmoor and to reduce accident hazard when the new King's Market opens at Garden Gateway and Junipero Serra boulevard.

The highway district, which is responsible for maintenance of the boulevard, will proceed with plans and specifications for the signals.

Cost of the project will be borne by pro rata distribution of state gas tax funds.

With only a handful of backers supporting the four local boys' clubs, the Daly City Athletic Club plans to put out a first-class football team this year, and with funds raised by charging admission to the games to offer financial support to the other boys' groups, according to Frank Lombardi, who is organizing the football squad.

The Colma Boys' Club, which serves up both a senior and junior aggregation for baseball and basketball leagues, is sponsored by Joseph Sarto of the Villa Sanitarium.

The Daly City Baseball Club received their uniforms from Sarto, and the current expenses of operation are being taken care of by George Kirchhubel, of Kirchhubel's tavern.

The Daly City Boys' club, a hobby and sports group for boys between 10 and 19 years, is directed by Jay Johnson and has received financial support from Frank Lombardi of Lombardi's service station and Curley Arnaudo of Shannon's Hardware. This is the group which the Athletic Club has chosen to support, when returns from its games become sufficient.

All of the groups have had a difficult time obtaining backers from any sizeable local group and will be forced to limp along on the means provided by a few sports-minded merchants. The help of civic and fraternal clubs and the like would considerably enhance local interest in the boys.

Man Hurt In Building Mishap

Frank Quadros, 49-year-old construction worker, was in serious condition at Junipero Serra Hospital today with critical injuries sustained yesterday in a construction accident at 627 Crockcroft avenue.

Quadros was hurt when a high wind snatched the front wall of a house under construction from the grasp of workers, as they attempted to raise it into place. The siding fell, crushing Quadros beneath it.

Summoned by A. McDonnell, job foreman, the county ambulance responded and took the injured man to Junipero Serra Hospital.

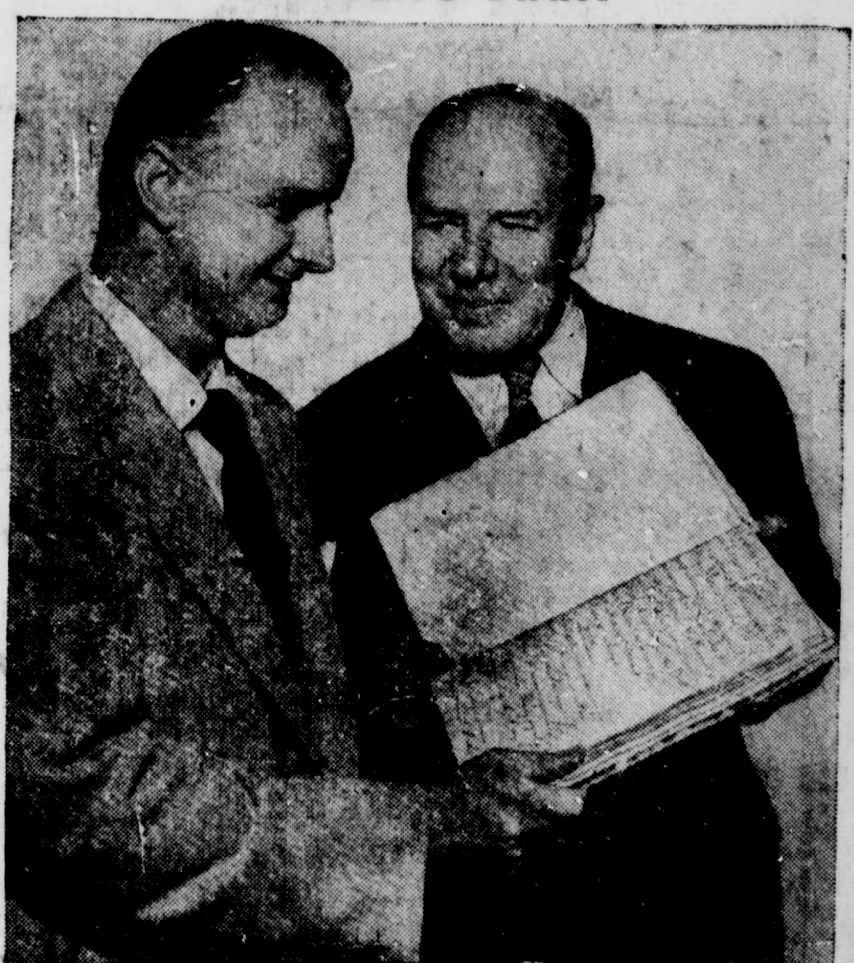

Pranksters Revive Telephone Trick

Several very disappointed persons were left today in the wake of pranksters who are again operating in this area, the Better Business Bureau announced today. The practical jokers are telephoning to individuals to say that they just won a prize of several hundred dollars given in connection with a local radio program. In order to win the prize, however, the individual must appear at the radio station within ten minutes. Several persons have rushed to a local radio station only to find that no one there knows anything about the prize or the program on which it was allegedly given.

This trick has been played on San Franciscans off and on for more than a year, the Better Business Bureau revealed, but was suddenly revived this week.

According to Muriel Tsvetkoff, general manager of the bureau, anyone receiving such a telephone call should contact the station immediately to determine whether or not the call is bona fide.

SWELLING SURPLUS

Well, it seems that the surplus in the California state treasury is much like Ol' Man River — it just keeps rollin' along.

We're spending money now faster than ever before, but there is still more rolling in than there is rolling out. As of June 30, there were \$125,742,746 in the Sacramento treasury with no place to go. That was \$30 million more than were "unemployed" the year before.

In the fiscal year just closed, \$63 million was cut from the general fund expenditures bringing the total down to \$446 million, but more than offsetting this was the 72 per cent upswing in the apportionment to schools which made that outlay \$171,150,000. Aid to needy children was boosted to \$9 million — a 123 per cent hike.

One of the principal factors contributing to the overall rise in revenues last year was the gain of \$34 million in sales taxes. The "take" from this source was \$276,525,000. Bank and corporation taxes jumped \$10 million to pass the \$69 million mark. Personal income taxes, however, dropped \$1,034,000 to \$49,482,000.

Altogether, the state's general fund took in nearly \$500 million. This shows that business was good in California — especially for the tax collector.

HITLER — FINIS

There can no longer be any doubt that Hitler is dead. At least, there will be no doubts in the minds of those who have read the series of articles by Captain Michael A. Mussman, U.S.N.R., a judge at the Nuernberg war crimes trial, who made an exhaustive study of Hitler's reported suicide. This series of articles appeared in the Scripps Howard newspapers. Captain Mussman has interviewed scores of persons who either directly or indirectly had some knowledge of Hitler's last days. He has tracked down many of the reports that Hitler has been seen here or there in the last three years. All of these reports have proved absolutely baseless. The evidence, says Captain Mussman, is so positive and conclusive in support of the suicide story that there can be no question that Hitler is dead, that he "shuffled off this mortal coil half crazed, half crippled, defiant to the end. With this point so definitely settled the Captain suggests that future stories that Hitler is alive, be viewed for what they are — sheer fancy.

AMATEUR CROOKS

If a certain Chicago professor is correct in his statement, common honesty in America is becoming very uncommon. He says that the practice of petty larceny among "ordinary citizens" has reached the point where it exceeds in dollar value each year the total loot carried off by professional criminals. Department stores, declares the professor, lose so much from the pilfering by the public and the store employees that price adjustments must be made to cover the heavy losses. Well, maybe the good man knows what he is talking about. But the trouble with such statements as his is that they tend to create a false impression — an impression in this instance that virtually everyone is dishonest. No doubt the conduct of some of our citizens could stand considerable improving, but we have no doubt either, that Diogenes could find what he was looking for among present day Americans without too long a search.

PLENTY HIGH

The old expression about this or that being "high as a house" can be applied today to the house itself, or more particularly, to the cost of the house. A survey reveals that the price of homes, like everything else, stands at a new high level. The average house and lot in the month of June had a price tag on it of \$11,094. That's far more than double the \$4599 average in 1939 and the \$9749 just a year ago. Prices higher than the average existed in Los Angeles, Chicago, New York and Boston last month. In those cities the average was \$13,000. On the other extreme was Kansas City where the average was less than \$7,000. These figures were compiled by a Washington, D. C. firm of consulting engineers which also revealed that construction costs on homes have leaped approximately 15 per cent in the past year. If they leap much farther they'll soon be "out of this world."

It's easy to be an expert on children — when you haven't any.

Goings On At The Playgrounds

JEFFERSON HIGH
By Ed Casslagio

Plenty of activities are still available at Jefferson High even though the summer vacation is drawing to a close. For instance, a boxing class has been started and is being held on Tuesdays and Thursdays from 2 to 3 p.m. At the conclusion of this boxing class, a boxing tournament will be held providing a sufficient number of boys participate. So come on, fellows. Let's come on down to Jefferson and learn how to dodge those lefts and rights.

We also are planning a basketball tournament for boys 16 and under. The games will be played on Monday and Friday evenings in the Jefferson gym. To this date we only have one team, but we hope that more will follow.

For those who do not know it, we hold a tennis class every Friday at 1:30 p.m. at the high school tennis courts. We hope that adults as well as children attend. Friday, August 6, is playday here at Jeff. A number of games are planned and inter-playground competition will be as usual prevail. These Friday events have been coming off very well and they will last until the end of vacation.

Our Wednesday outings have been enjoyed by all and trips to Golden Gate Park, Lake Merced, Seals Stadium and others are still to come.

In all, we have had a wonderful time at Jeff so far, and we want all of you to come and enjoy the rest of the program with us.

MARCHBANK PARK
By Glen Smith

Monday morning the group from Marchbank Park enjoyed the films at the high school. Kathleen Schreiber spent the afternoon trying out boys and girls for the amateur show.

Tuesday, the ping-pong room was in an uproar. The "Ham" was beaten by David Cafarata in a game. Later on in the day Carl Gruenwald added salt by also beating the "Ham."

Wednesday, Helen Matthews, Pat Pettie, Jackie Brady, Jerry Gruenwald, Mike Sullivan, Sandy Smith, Glen Smith, Jack Cooper, Betty Marsh, Joan Chaput, Donald Lunghi and Nancy Morgan enjoyed a trip to Thornton beach. Returning from the beach, the back bumper of the Marchbank special, the Streak, was spotted on a junk heap. All chipped in and bought a watermelon.

Friday the gang went to the high school for the amateur show.

Marchbank took first place in the singing when little "A.J." Belair finally sang his song. The bathing beauty contest put on by Marchbank was quite a success. David Rasmussen was the people's choice. Helen Matthews, Jackie Brady, Joan Chaput and Rose Eling were the girl entrants.

Saturday our weekly wiener roast was held. We fried hamburgers instead of wieners.

CRAFT CENTERS
By James Kraywinkel and Elizabeth Kabery

At the Parkview Craft Center, much has been accomplished by the youngsters this week. The youngest age group has been finger-painting and painting statues. This seems to be their favorite pastime.

The next age group was quite versatile in its selection. Some of the girls have been particularly interested in felt work, while both boys and girls have made small clay ash trays and dishes. The teenage boys have started making leather coin purses and comb cases while the girls are busy covering jars with crepe paper.

At the Peoria Craft Center, we have been seeing many new faces and are glad to welcome any new comers. Our attendance has been steadily picking up. Here the youngsters have also been finger painting, many of them for the first time.

Statue painting seems to be a favorite here also. We are still trying to interest more youngsters in wood burning. Bring a piece of wood or an old orange crate; we have the designs. The youngsters have been asking to make airplanes, so that is on the list of things to do for next week.

Singer Wins Amateur Contest At Hi School

Tiny "A.J." Belair, diminutive singer representing Marchbank Playground, walked off with the cash prize last Friday in the amateur program sponsored by the Daly City Recreation Department.

The little boy, who seems to prefer the sophisticated "A.J." above any other moniker, won over all the other entrants after he finally conceeded to open up and give out with his soprano renditions. He had to be coaxed onto the high school stage by his mother and sister, but sang at the top of his lungs once he got started.

Other winners determined by popular applause were Barbara Jean Sable, dancer from Jefferson High Playground; Fred Bertetta, accordionist from Jeff High; Donald Kelly and his trickster dog; and Dave "Bubbles" Rasmussen, for his part in the winning skit.

All winners received tickets to the Daly City Theatre. Dave Rasmussen, attired as "Bubbles" in an exotic girl's bathing suit and a bandana, inspired a burst of cheers and laughter in the audience and won over five girls in the "Miss Marchbank" beauty contest, a skit.

The show was preceded by a movie program, featuring "Mickey" McCune's Medicine Show and two community sing films. Other entrants in the amateur program were Sandra Faulk, Barbara Bunker and Jean Herman, of Crocker Playground; Jane Kennedy, Don Decoursay, Cecilia Sullivan and Lenore Malley of Jeff High, and Herbert Silver, Carol Bertelli, Roberta Taylor, Rose Eling and JoAnne Belair from Marchbank.

RECORDERS' FEES UP

Revenue from legal papers handled through the office of County Recorder T. C. Rice last month totaled \$12,548.95, compared with \$10,247.55 during the same month last year.

Returns were augmented despite the fact that fewer papers were handled during July, 1948. A total of 5,064 papers went through the recorder's office last month, as compared with 5,396 during July, 1947.

a thorough workout from early in the morning until long after the director left.

Thirteen boys enjoyed a hike through the Daly City hills for the outing last Wednesday. They ate their lunch up by the old Colma quarry and then hiked further into the hills. Later, many chasing and hunting games were played and when everyone was thoroughly tired, we hiked back home, making a full day of fun.

Kick-the-can is another popular game down here. Ask Bob Gianni. He's been "it" for three days.

LINCOLN PLAYGROUND

By Jack Root
Lincoln again mastered Big Jeff as Lincoln's all-stars softball team soundly trounced Jefferson High School's softball team 20-4 last Thursday at General Pershing elementary school.

Owen Charles, with great fielding by his teammates, pitched a magnificent game and was at all times the undisputed master. Lincoln's sluggers made it a "big hit parade," getting 18 base hits. The leading batsman was "Beans" Lyman, who got four hits in four times at bat for a perfect day.

Gene Lorenzo, hit the longest ball over the left field fence but, unluckily, was foul by a few feet. Albie Flynn got three for four and Larry Hutchinson knocked the ball over the short right field wall for two doubles. Marchbank is playing Lincoln's softball team next Tuesday at General Pershing

The man who drove Horace Greeley west takes Toni Doyle, State Fair Centennial Girl, for a stagecoach ride. Joseph "Lucky" Bagwill of the Placerville Police department portrays Hank Monk, famous early day stage driver on the Placerville - Carson City line, and noted as the driver for Greeley from Carson City to Placerville when Greeley was making a presidential campaign tour. Bagwill will portray Monk as an entrant in the statewide "Portraits of the Pioneers" contest to be held as part of the California State Fair in Sacramento, September 2 through 12.

school. They hope to make up for the "licking" we gave them for the last time we played.

The "Big Six," in softball batting is now led by Don Hennig with 14 hits in 22 times at bat for a batting average of .636. The others are Lorenzo, 19-30, .634; Murche-son, 13-24, .542; Schmitke, 13-27, .481; Colman, 9-20, .450, and Larry Hutchinson, 15-36, .417.

A group from Lincoln went on an outing last Wednesday and visited the Japanese Tea Garden and nearby vicinity in Golden Gate Park. Everyone who went had a nice time. Those who went with the director were Bob Rich, Darrel Hutchinson, Ray Bermudez, Bob Murphy, Fern Johnson, Charline Smith, Ronald and Leroy Davis, Adelaide, Charles, Hank and Mrs. Thuermer.

Lincoln Playgrounds put on an amateur talent contest last Tuesday and four-year-old Lois Holcomb was the winner, singing "I'm a Big Girl Now."

CROCKER PLAYGROUND

By Elina Elchener

Crockerites destined to compete tomorrow in the all-city tournaments at Jefferson are: in paddle tennis, Arleen Pool, Dave Martinez and Jimmy Herman; in checkers, Gil Newcomb and Alfred Perry; chess, Gil Newcomb, and ping-pong, Serwood Rupp and Maxine Faulk.

The latest hobby at Crocker is tropical fish. Dickie Brown, Bob Stone, Rickie Bond, Grant Ross, Jerry Smith, Pat Phillips and Sandra Faulk all have started raising rainbow guppy. Anyone who would like to get in on the guppy exchange should contact the Crocker director.

Last Wednesday Crocker frequenters hopped a bus and visited the Stow Lake de Young museum, Steinhart Aquarium, Museum of Natural Science, and the playground in Golden Gate Park. Those who went were Don Austere, Doris O'Neil, Garry Carlson, Earl Abbot, Philip Phillips, Pat Phillips, Gerry Smith, Grant Ross,

California Population Increase 563 Per Cent

A population density of 48 persons per square mile makes the United States one of the least densely settled countries in the world, according to statistics of the Metropolitan Life Insurance company.

England has 725 persons for every square mile, Belgium 700, and it is expected that by 1975 the United States will have no more than 62 people per square mile.

Population in California has increased 563 per cent since 1900 against Vermont's increase of 4 per cent. The over-all population density increase since 1900 has been 90 per cent.

Most densely populated state is Rhode Island, with 720 persons per square mile. Massachusetts has 598, New Jersey 590 and New York 294.

FORT BRAGG

Fort Bragg, Mendocino county, was established as a military outpost in 1857. It is now a lumber center.

WHEN OPEN ROAD BECKONS

When motorists feel the open road beckoning they should be sure that Death doesn't beckon too. Thirty-three per cent of the nation's traffic fatalities occur on the open highway and most of these are caused by carelessness and excessive speed.

\$150,000 ADDITION

South San Francisco city officials are readying plans for the construction of a new \$150,000 police station, jail and city hall annex.

The construction was authorized by the voters in a special bond election last September.

S.F. Postmaster Retires Last Week

William H. McCarthy announced his retirement as San Francisco Postmaster effective July 31, letter to Harold P. Bradshaw, publisher, last week. McCarthy served fifteen years as postmaster.

He said, "My fifteen years have been eventful and trying years, peace as well as in war. And I think on the whole that we did a fairly good job."

"It would be ungracious of me to relinquish my post without thanking you that the general staff of your publication, the Daly City Record, has contributed much to result."

Temporary postmaster is J. Fixa.

ASK POLICE DISTRICT

Officials of the Broadmoor Property Owners' Association have requested the county board of supervisors to form a police district in the Broadmoor area. At the end time the unincorporated area must rely on sheriff's deputy police protection.

If the district is approved Broadmoor residents would a tax increase for the added coverage.

CHRISTENING SET

Frank Robert, new-born son of Jean and Pete Markovich, was christened in 3 p.m. ceremony. Our Lady of Perpetual Church Sunday. Father W. Stewart will officiate.

Grandpa Reinicke will fill from Nebraska to witness the money. Mrs. Reinicke has been the Markovich's for several weeks.

HUNTING LICENSES UP

The Division of Fish and Game has issued a reminder to half a million Californians that 1948 hunting licenses are now on sale at seven Division offices and 2800 license agencies.

Resident citizen hunters for the first time this year will pay a license fee of \$3 — \$1 above the 1947 charge. The non-citizen license cost has been boosted from \$25 to \$50, while out-of-state citizens will pay a minimum of \$10.

TROUT ANGLERS HAVE LUCK — Trout anglers have been enjoying first-rate sport the last few days along the Rubicon River in the Placer County area. They have been taking many near limits of 9 to 12 inch rainbows.

FRESNO COUNTY TROUT — Trout fishing has been excellent recently throughout the back country of Fresno county, according to National Automobile Club. Many limits have been taken on flies along the low clear streams of the area.

LAKE FISHING GOOD — Trout fishing in both lower and upper Twin Lakes in Mono county has been good this last week, reports National Automobile Club. Many catches of small rainbows have been made both from shore and from boats out on the lakes.

PLACER COUNTY TROUT — Large numbers of trout have been taken by fly fishermen recently along the Truckee River in Placer county.

ALASKAN HIGHWAY WHERE TO GO,
OFFERS MEMORIES WHAT TO SEE

The average motorist, with car in good condition and a taste for adventure off the beaten path, will find a trip over the Alaskan Highway a memorable experience and he will not encounter too many difficulties in the matter of getting service and accommodations.

This was the gist of a report issued today by the California State Automobile Association on the basis of the first official inspection trip of the route by an AAA field reporter.

"Accommodations along the way are by no means the type to which the average United States traveler is accustomed," said the Automobile Association report. "However, by careful planning, the motorist can make his trip in stages that will bring him each night to points where the better run of establishments is available. Accommodations at such places are quite limited and it is highly important to phone ahead each day to make sure of space for the night."

Other tips for the prospective Alaskan traveler offered by the CSAA included:

1. Have your car in first class condition. Carry along a good jack and two spare tires mounted on wheels. Over gravel stretches on hot days, stop every few hours to let the tires cool.

2. In summer, the road is dusty. Passing a car in a cloud of dust is dangerous and has caused many serious accidents along the highway; wait until the way is clear on a straight road ahead. Drive slowly until you get the feel of gravel under the wheels, especially on turns.

3. Wear old clothes, preferably lightweight coveralls in summer. Don't carry parkas or woolen clothes, as Alaskan summers are much like those in the United States. Take some light clothing with a woolen shirt or two or perhaps a sweater or sport jacket; women should take a light spring top coat mainly for evening.

4. Mosquitoes are encountered all along the highway; take along repellents and an aerosol bomb to spray the car in the morning, during the day and the room you stay in at night.

5. Carrying canned or prepared food is not really necessary. Food can be purchased at all stopping points. A small supply of fruit will be found welcome on the hot dusty portions of the trip.

6. The journey from San Francisco to Fairbanks is 3,666 miles. From Edmonton it is mostly on gravel, so this is no trip for a hurried vacationist. Thirty days would be a minimum for the round trip. Minimum cost for two persons in one car would be \$800.

SANTA ROSA

Resolution No. 1039

GIVING NOTICE OF PROPOSED ANNEXATION OF UNINCORPORATED TERRITORY

GARDEN VALLEY ANNEX

RESOLVED, by the City Council of the City of Daly City, San Mateo County, California, that

WHEREAS, a written petition signed by Frank Garibaldi and other property owners has been presented to this Council, which petition contains a description of certain unincorporated territory in the County of San Mateo contiguous to the City of Daly City, and requests the annexation of said territory to said City pursuant to the provisions of Annexation of Unincorporated Territory Act of 1939 (Deering General Laws, Act No. 3162, as amended);

WHEREAS, it appears and the Council finds that said eight petitioners are the owners of not less than one-fourth of the area of the land in said territory and represent not less than one-fourth of the assessed value of such territory according to the last preceding equalized assessment roll of the County of San Mateo in which such territory is situated; and

WHEREAS, it appears and the Council finds that said territory and the City of Daly City will each be benefited by the annexation of such territory to said city;

NOW, THEREFORE, IT IS ORDERED AS follows:

1. That Monday, the 23rd day of August, 1948, at the hour of 3:00 o'clock P. M., California Daylight Saving Time, in the Council Chambers of the City Hall, Daly City, California, is hereby fixed as the time and place when and where any person owning real property within said territory so proposed to be annexed and having objections to the proposed annexation, may appear before the City Council of the City of Daly City and show cause why such territory should not be so annexed.

2. At any time not later than the hour set for hearing objections to the proposed annexation, any owner of property within the territory proposed to be annexed may file written protests against the proposed annexation. Such protests shall state the name or names of the owner or owners affected thereby and the description and area of such property in general terms.

3. A copy of this resolution shall be published once a week for two successive weeks prior to the hearing in the Daily City Record, a newspaper of general circulation published in said City.

4. The territory so proposed to be annexed and the exterior boundaries thereof are more particularly described and set forth in Exhibit "A" hereto attached and by reference incorporated herein, which territory is hereby designated as Garden Valley Annex.

I hereby certify the foregoing to be a true copy of resolution adopted by the City Council of the City of Daly City, California, at a regular meeting thereof held on the 26th day of July, 1948, by the following vote of the members thereof:

AYES, in favor thereof, Councilmen: Bertetta, Battye, Mooney, Gaggero.

NOES, Councilmen: None.

ABSENT, Councilmen: Green.

B. C. ROSS, City Clerk of the City of Daly City.

Woodrow Wilson PTA Has Wiener Roast

Women of the Woodrow Wilson Parent Teacher Association and their families returned pleasantly to their annual wiener roast and song fest in San Bruno Park.

Meeting at the school at 7 p.m., the group made its way south to San Bruno for its feast, in preference to the previously scheduled picnic site at the beach. Kittenball and other light sports were a diversion before supper, and afterward the group gathered around the fire to sing.

Roasted wieners, marshmallows, watermelon and hot drinks made up the party fare.

New Evaluation Method Set Up By U.S. Army

In a move to increase the opportunities for enlisted men to rise through the ranks on the basis of personal ability, the U.S. Army has set up a new rating system in which noncommissioned officers, for the first time, will officially evaluate the men who work under them. Major Frank J. West, San Francisco recruiting officer, said today.

Major West explained that in the past, efficiency reports for enlisted men have been made only by officers and have consisted only of one-word ratings such as "satisfactory" or "excellent." The new system, soon to be placed in effect, provides for detailed evaluations of technical skill, leadership and similar qualities.

Under this system, a soldier's efficiency rating will directly affect his chances for promotion, advancement to a more responsible job, or assignment to specialist training.

All enlisted men above the grade of private will be rated. The reports will be made by the direct superior of the man concerned—in most cases a noncommissioned officer. The next higher superior, usually an officer or warrant officer, will check the rating and also indicate his own evaluation.

Anger Flares Over Rent Board Change

A controversy over the dismissal of A. W. Buschke of Redwood City from the San Mateo County Rent Board, and over appointment of his successor flared up again last week when Henry A. Cross, Bay Area rent expeditor, asserted the county board of supervisors had no right to say in the appointment.

Counter charges of federal interference and local negligence were exchanged by the infuriated rent chief and the board of supervisors, but no appointment came out of the turmoil.

The battle started a month ago when Buschke, by order of the Washington office of the rent board, was dismissed from the county board. According to Cross, he was fired to "eliminate a landlord-heavy body, and make it more representative."

Community Chest Director Named

Appointment of Jerry Jorolow to the position of campaign director for this year's San Mateo County Community Chest Drive, was announced this week by George A. McQueen, chairman of the executive campaign committee.

Jorolow, who was publicity director in the successful 1947 Chest campaign, is now associated as publicity counselor and advertising manager of the George W. Trabant Business Mail Service, San Mateo. He is the former editor and co-publisher of Peninsula Life magazine.

Campaign plans for this year's Chest fund raising drive calls for an army of 6,000 volunteer workers, who, working in "clean sweep" units, will contact every resident and business firm in the county. They will be supervised by a staff of hard-hitting division and local chairmen. Jorolow said that all local Chest officials will be men and women who are aggressive leaders in their home communities.

Jorolow pointed out that it is the aim of the Chest this year to show county residents that all towns and areas in the county benefit by the funds collected by the Chest. He emphasized that the agencies supported by the Chest are county-wide in scope offering their services to adults as well as boys and girls.

As part of an incentive plan to push this year's drive "over the top," the Campaign Committee, according to Jorolow, will award Chest workers gold, silver and bronze red feather "Oscar" trophies for those collecting the highest quotas, making the most calls, getting the largest contribution, or having the best organized district. The awards will be made at the end of the campaign.

The Chest drive starts on October 1.

Lomita Park Voters To Annex With Millbrae

Four petitions representing more than 300 Lomita Park voters have been presented to the Millbrae city council, requesting that body to set a date for an election in Lomita Park to decide whether that area will be annexed to Millbrae.

Two years ago Lomita Park voters turned down a bid to become part of San Bruno, but it is believed the majority now favor annexation to Millbrae.

V.F.W. Auxiliary Delegates To Attend National Convention

Lorraine Schneider, president, and Eleanor Hatt, senior vice-president of the Old Glory Auxiliary, Veterans of Foreign Wars, will attend the organization's national convention August 29 - September 3 at St. Louis, Missouri.

Ruth Brulez and Elizabeth Sorenson were named this week to replace the delegates in case of emergency.

Marine Reserves Return Saturday From Maneuvers

By Dave Hansen

On a recent Saturday morning a navy troop transport sailed through the Golden Gate with the 12th Infantry Battalion, USMC, aboard. The battalion was completing the last few miles of a 15-day tour of duty at Camp Joseph H. Pendleton, at Coronada and San Diego harbor, and at sea.

Herein is a 'dispatch,' shall we say, written aboard ship:

Aboard USS Bronx, APA236— It is Thursday evening and we are bound for San Francisco. We expect to drop anchor some time early Saturday morning. A few of the troops have decided to make the trip by rail, though there is little excuse for it. The sea is calm and smooth, and a blanket of fog hangs low over the coastal waters.

Three days of small boat training were ended this morning with one last beachhead on Coronada's Silver Strand. Prior to this morning many runs on the beach were made by small units of this battalion. This morning, however, we hit the beach in a full scale battalion attack.

After properly rendezvousing, the landing craft swept into formation, crossed the line of departure, and headed for the beach. San Anselmo's 'C' Company and the Bay Area and Peninsula 'A' Company were in the assault wave.

A two-hour simulated naval gunfire barrage from a supporting destroyer and two LSTs lifted inland as the landing craft ramps went down and the first wave of Leathernecks splashed ashore and moved inland.

Moving up by fire and movement, and keeping contact with flanking units, we fought our way six hundred yards inland.

We crossed an existing highway and set up a defense against an expected counterattack from the mythical enemy. As supporting outfits (Fresno's 'B' Company, the Bay Area's Headquarters Company and Band) still stormed ashore, the machineguns were brought up into the lines, along with bazookas, to tie in with rifles and other automatic weapons in a crossfire designed to stop any counterattack.

Panting, exhausted recruits had acquired the landing technique, plus the knowledge that beachheads are a good deal more work than they may appear to be in newsreels.

Four general officers present extended a 'well done' for the operation. They were G. B. Erskine, CO Camp Pendleton and 1st Marine Division, L. E. Woods, CO 1st Air Wing, J. T. Walker, CO Troop Training, and W. T. Clement, Marine Corps Reserve director.

Lt. Col. H. C. Boehm, a battalion commander on Iwo Jima, declared the assault to be well coordinated, and 'one of the best landings I have ever seen. I congratulate you.'

This landing was not received by enemy fire, however, as were most landings the colonel had seen.

Taking part in the operation were a goodly number of Daly City people, all of whose names are not available at the moment. The troops will disembark on Saturday.

City Is Sixth In County Population

Daly City ranks sixth among incorporated cities of San Mateo county based on latest official census figures. Last census in Daly City was in 1946. The figures:

Survivors Of Veterans May Cash Leave Bonds

Floyd D. Granger, Veterans Service Officer, announced today that under Public Law 710, brothers, sisters, nieces and nephews of deceased War II veterans, who were separated from service prior to September 1, 1946, are eligible as survivors for terminal leave pay, September 1, 1948, is the deadline for filing of these claims.

Legally qualified survivors may convert terminal leave bonds into cash immediately, Granger said.

Complete information may be obtained at the Veterans Service Office, County Courthouse, Redwood City.

TEN DAY FAIR RACING OPENS BAY MEADOWS

"They're off and running" will be the cry next Tuesday at Bay Meadows, when the San Mateo County Fair opens its 10 day race meeting.

Full fields are assured with horses arriving daily from north and south to participate in the meet.

Bradentown, Newsworthy and Byemond are among eleven bang-tails being entered by J. K. Houssels of Las Vegas.

The races will feature minimum purses of \$1,000 with the Inaugural speed test opening at six furlongs for \$1,500.

Post time daily will be 1:00 p.m.

Treasure Island some time Saturday. Let their families be prepared for an avalanche of 'snow jobs.'

An interesting sidelight of the Camp Pendleton duty is the statement of an unnamed mess sergeant. "I have cooked in the Marine Corps for over twenty years, and this battalion has consumed more food per man than any outfit I have ever seen. I've never seen anything like it."

Well, Sergeant, they are just growing boys.

Off The Record

By Paul Green

Bound this week by auto for the wilds of Montana, City Clerk B. C. Ross will return to scenes of his youth for a two-week vacation.

The scene is Livingston, Montana, some fifty miles north of Yellowstone National Park, where Ross clerked in a general merchandise store more than thirty-five years ago.

NEW CALAMITY JANE

Bert was up there in the rugged days when the Anaconda Copper Co. and Butte Mining Co. were vying for existence. He remembers that the original Calamity Jane owned a log cabin in the settlement and recalls her strolling down the street garbed in a long calico duster, wearing a pork-pie Stetson hat and smoking a big, black cigar as she barged in to old-time saloons in a manner that made history.

In the early days of Montana, it was customary for any self-respecting boy to quit school at the age of twelve because the school-marks wouldn't allow him to chew tobacco in the classrooms. In those days they called it independence; now it's labeled juvenile delinquency.

Bert came from Montana to Daly City because it was too cold up there. Winter temperatures often hit 50 below and he had to maintain a roaring fire all night to keep the canned goods from freezing on the shelves.

FIGHTING TOWN

Henry Sundermann, sr., city councilman a number of years ago, read about our old pictures of fights held in Daly City after the turn of the century.

So he brought in one from his private collection; a photo which shows Battling Nelson and Jimmy Britt getting ready for battle at the corner of School and Mission streets in 1905. The caption says that Nelson was the winner in 18 rounds.

We presume that the site of the old Union Cursing Park, on land now partially occupied by Jefferson Union High School. With James Coffroth also promoting fights in the vicinity of Sickles avenue, it seems they did nothing but fight in Daly City in those days. The town probably had more bloody noses per capita than anywhere else.

Come to think of it, some factions have been fighting ever since. **UNPRINTED GOOD!**

We'd like to hear some more tales of the early days in the area. A couple of old-timers have volunteered stories that are among the best we've ever heard. Unfortunately, however, these particular legends have proved to be unprintable. But good, though.

That's probably why the history books never tell the whole story—the best parts can't be set up in type.

AIDS TO BEAUTY

We've been reading advertisements aimed at the women and tending to show various fantastic methods of becoming beautiful.

While we don't pretend to be a beautician, nor to know very much about it, we do know that we have a two-year-old daughter whose complexion is out of this world.

So far as we can determine, the only thing she does to develop that "skin you love to touch" is to wet her pants and get plenty of sleep. Maybe we can sell the idea to Lady Esther.

Deer Season Begins Saturday On Coast

An army of more than 250,000 California deer hunters will start beating the brush Saturday for the opening of the Coast Range season. The region follows Highway 99 from Mexico to the northern edge of Mendocino county.

Bag limit is two male deer per season and bucks must have at least two pronged antlers on one side to be legal.

All hunters must have 1948 hunting license and deer tags. This year's license is \$3, with deer tags \$2 per pair.

STRIPED BASS CENTER

According to the "River Sportsman," the original planting of striped bass in San Francisco Bay numbered only 107 fish. This planting, in 1879, was followed by another of 300 in 1882.

From this small beginning the bay region has become the world's greatest striped bass fishing center.

Ottomello Blanks Potrero Tossers For 7-0 Victory

Pitching a tight, two-hit ball game, left hander Ric Ottomello led the Colma Boys Club senior baseballers to a surprise 7 to 0 victory over the class AA Potrero Merchants Sunday at Marchbank Park.

Lefty Hazel, former Brooklyn Dodger prospect, took the mound for Potrero but was unable to stem the tide.

Don Lunghi, pint-sized center-fielder, collected two hits in three times at bat to lead Colma to the plate. Third baseman John Oleese and second-sacker Leland Michelotti also batted two hits.

Right-fielder Carrasco was the only Potrero man to reach first base on a hit, being responsible for both his team's safeties.

New Instructors Join Recreation Summer Program

Two new directors were initiated this week into duties at Daly City's playgrounds, Joseph Ballarino and Gladys Brown have taken over duties at the high school and Little Jeff playgrounds, respectively, replacing Mary Falbo and Beverly Clement.

The two young women who carried on the playground supervision so capably during the first half of the summer left last week end on an extended automobile tour of the western states. After their vacation, Miss Clement will continue her studies at San Francisco State College, while Miss Falbo will report to Roswell, New Mexico, for a permanent recreation job there.

Ballarino, an experienced recreation supervisor, has had organization and training experience with the YMCA, the Community Chest and the San Francisco Recreation Department. Miss Brown is a physical education major at San Francisco State College.

Colma Juniors Battle To 3 to 3 Tie Sunday

Two stubborn little teams who wouldn't give up left the field at Marchbank Park Sunday as the Colma Boys Club juniors and Lou's Rendezvous nine battled to a 3-3 tie. The game was called to permit the noon game to be started.

The Colma juniors placed second in their league, losing to the winning Ocean View Merchants nine by only one run. They tackle Sunnyside Merchants at Marchbank Park next Sunday at 10 a.m.

Martin Enright Serving With Army In Kobe, Japan

Pfc. Martin S. Enright, son of Mrs. Joseph Enright of Daly City, is now serving with the occupation forces in Kobe, Japan.

Kobe, a typical oriental city of Japan, is located in the southern part of Honshu, Japan's main island, and is well known for its beauty. At present the city is being used as a supply base for the occupation forces of all southern Japan.

Pfc. Enright will have an opportunity to continue his education while in Japan at the Kobe Army Educational Center, where courses are offered in the academic field as well as vocational training.

Joining the Army in May, 1947, at Butte, Montana, Pfc. Enright came to Japan in August, 1947.

POLICEMEN'S BALL

The annual policemen's ball will be held at the Bay Meadows club house on September 18. It was announced after a meeting of the Peninsula Police Officers' Association last week.

Al Prara, of the San Mateo department, was named chairman for a booth which the association will sponsor at the county Fiesta which opens September 24.

Charles, Joan Christianson, Phyllis Cormack, Karen Elder, Julia Cus-tas, Timothy Kennedy, Walter Mcardle, Janice Prater, Raymond Rosa, George Schilling, Marjorie Smith, Janet de Surville and William Walker.

The "jelly fish" classification was earned by 90 students, while 67 won the title of "fish."

D. C. Boys' Club Beats Midway Village Nine

Rapping out 11 hits and taking advantage of nine opposition errors, the Daly City Boys Club juniors trounced the Bayshore Midway Village baseball outfit 16 to 6 at the Bayshore diamond.

Craviotto, Canepa and Rud each garnered two hits for the winners, with pitcher Canepa holding the Midways to eight bingles.

Bournellis Hurts Shut Out Victory For D. C. Nine

Piling up six runs behind the steady, shut-out hurling of George Bournellis, the D.C. Baseball Club outthit the S.F. Naval Electricians in the 2:30 p.m. feature at Marchbank Park to win by a 6-0 score.

Neil Pezzola, slugging first baseman, again captured batting honors, with four safe hits in as many times at bat. Flynn, right field, and catcher Harry Krohn each were good for two hits in four attempts.

The Daly City nine collected a total of ten hits while Bournellis let the Naval nine down with two bingles.

Third-sacker Schultz scored the first run after reaching first base on a free pass and tallying on a hard double by left-fielder Herman Sick.

Flynn's safety scored Sick and Flynn advanced on a hit by Pezzola. A walk to shortstop Petrocchi followed by Krohn's clean bingle to left wrapped up the game for the locals.

Tanforan Base Turned Down By County Comm.

The San Mateo County Recreation Commission has gone on record that it is not interested in the recreation facilities at the Tanforan navy base, under a revocable permit offered by the navy.

Groups from Daly City, South San Francisco and San Bruno had urged that the county join them in utilizing the base as a recreation center for northern San Mateo county residents.

Druids To Honor Grand Officer

A reception honoring Grace Hill, grand trustee of the United Ancient Order of Druids, will be given Monday night by members of the Hillcrest Circle.

Martha Wegner, Lillian Felch and Winifred Evans, delegates, also will be honored guests. Chairman for the affair will be Past Grand Archdruidess Madelyn Felch.

Colma Boys' Club Tackles Class A Nine At Ocean

Playing the feature attraction 2 p.m. next Sunday at Ocean View Playground, the Colma Boys' Club baseball nine tangles with strong Mello Record tossers in a class A league game.

Probable starter for the locals will be Don Mossi, right-hand pitcher who shares the mound with Ric Ottomello, left-hand thrower.

With only two more league games to play, the Colma Boys' Club hopes to win the pennant by winning both.

BIG ONCE YEARLY SALE AT CLEARANCE PRICES STARTS AT GORDON'S

Bargains calculated to warm the heart of anyone's pocketbook will be the headlines at the annual Clearance Sale which starts tomorrow at Gordon's Department Store, 4523-4527 Mission street.

The once-yearly sale is put on to clear the way for new stock and has been eagerly looked forward to by discriminating shoppers.

Featuring sensational reductions in prices, many items will be sold below cost with others offered for sale for as little as fifty per cent of the regular sales price.

Clothing and articles for every member of the family will be included in the store-wide clearance. Women's and girls' apparel and accessories, complete outfits for tots, and men's and boys' items will all be included in the special sale.

The sale will continue until all items have been sold, but customers will be treated on a first-come, first-served basis. Special tables will offer a variety of items, ranging in style, for as little as fifty cents.

Some slightly shop-worn articles of all descriptions will go for a fraction of their regular price.

Shoppers are advised to come early for the best selection of merchandise, as the once-yearly sale always attracts a multitude of buyers.

Dave Gordon, well-known proprietor, advises shoppers to look over his wares and stock up now on items which can be used for the fall school months, and by so doing, to save enough to afford a better vacation this summer.

Further details can be found in the Gordon's Department Store advertisement elsewhere in this issue.

Musicians Offered Direct Assignments In 2nd Army Band

Direct assignments for men who can play any musical instrument are presently open in the 2nd Army Band at the San Francisco Port of Embarkation, Fort Mason, California, it was announced today by Sixth Army headquarters at the Presidio of San Francisco.

Qualified men, who will be accepted regardless of whether or not they have had prior military service, will be assigned to the Port of Embarkation either at Fort Mason or at Camp Stoneman, California.

Enlistees under this program will be given their basic training at Fort Mason before assuming duties with the band. Interested men should apply at the local U.S. Air Force recruiting station, 428 Market street or 2399 Mission street in San Francisco.

CHILDREN KILLED

More than 4,000 children were killed in automobile accidents during 1947, reports National Automobile Club. Most of them were killed while playing along our streets and highways during the summer months. That is the time for motorists to use extra caution, to keep their eyes open for children who might dart into the street without any warning.

CRYSTAL CAVE

Crystal Cave, Sequoia National Park, is reported to contain fantastic crystal-like stalactite and stalagmite formations. A gushing subterranean stream cut through ways that lead into wider areas or "rooms." The cave is open during the summer months, with guide service available.

"If it's good to eat—see Farmers Meat"

Courtney Hdwe. Thanks Public At Opening

Featuring everything for home-owners, from unfinished furniture to out-board motors, the grand opening of Courtney's Hardware at 1234 Geneva avenue continued to attract pleased crowds after the first four days.

A display of Television and a new, long-playing record player, 45 minutes on one record, was demonstrated by QRS Electric Co.,

purveyors of radios and appliances at Courtney's.

Frank Courtney expresses his thanks for the gratifying response accorded his new venture, with special mention to Merv Fuller of Adolph Blake sporting goods, Jack Boone and Eddie Young of Garahan and Boone, Pete Marsigli of C & H Paints, Elmo Powell of Murphy Paints, Mr. McNamee of M. Sells Co. and Tom Haggitt of Sloss & Brittain, all of whom participated in the opening.

FOREST FIRES

It takes many years to grow a forest but it can be burned down in a few days by a carelessly thrown match, warns National Automobile Club. Motorists passing through our countryside will do well to use great caution with their matches, cigarettes, and pipes during the dry months of summer and fall.

Antelopes Raised Pears In 40 B. C. Virgil mentions pears which he received from Cato.

TUNA RETURN

Marine biologists of the Division of Fish and Game research vessel N. E. Scofield have reported a "fair abundance" of albacore tuna sighted off the southern California coast on a recent scouting trip.

The fish were found to be numerous in an area centering at a point 85 miles due west of Piedras Blancas Point in San Luis Obispo county.
